## All sizes:

Cut working yarn leaving 3-4" tail.

Adding new stitches for cuff:

Place new loop knot on empty needle that is (4) needles to left of knitting.

Weave in Crisscross over to yarn tail and tie together.

Continue weaving across the existing stitches and continue weaving the (4) empty needles to right end of board. Return the weaving across the entire board. You now have (1) loop on the first and last (4) needles. You have (2) loops on the center stitches.

Hook over the center original stitches. Do nothing to the new stitches until after the next row when you will have (2) loops on all needles used.

Knit additional 9 (9) 11 regular rows to complete the cuff. Cut working yarn.

Tuck in yarn tail.

Knit the 2<sup>nd</sup> slipper just like the first one.

### Sewing the slippers:

Fold the slipper so that the anchor yarn is at the toe and the cuffs lay together. With matching yarn and sewing needle, use invisible stitch to sew the back heel up to top of cuff. Sew top of slipper from top of toe to about 1-1/2" to beginning of cuff. Tie securely. Draw up anchor yarn to close in the toe and create the soft rounded shape for the toe. Trim all yarn tails and tuck into the knitting.

Now, that's a pair of warm, cozy slippers for the upcoming winter. Great gifts, too!
